"I think something that my school does well at is when a student needs a lot of help and the teacher helps and supports them. Another thing is the rules, the adults in charge do a good job at making sure that no one puts their hands on another student, person, or child."

"This school actually cares about the problems that students face on a daily basis."

"Having the STEAM room and family center because those two places are where if we don't want to play we can go there and have fun."

"One thing that this school does well is being supportive and the second thing is that this community is kind and amazing."

"I do appreciate that there are many after school activities and our child really likes the variety."

"Friendly staff and lots of communication."

"Clifford fosters a sense of community and caring and encourages children to do their best without putting too much pressure on performance."
