

Regulation 3515: Campus Security

The Superintendent or designee shall develop a campus security plan for each school site which contributes to a positive school climate, fosters social and emotional learning and student well-being, and includes strategies to:

1. Secure the campus perimeter and school facilities in order to prevent criminal activity

These strategies include a risk management analysis of each campus' security system, lighting system, and fencing. Procedures to ensure unobstructed views and eliminate blind spots caused by doorways and landscaping shall also be considered. Additionally, parking lot design may be studied, including methods to discourage through traffic.

2. Secure buildings and interior spaces from outsiders and discourage trespassing

These strategies may include installing locks, requiring visitor registration, providing staff and student identification tags, and patrolling places used for congregating and loitering.

3. Secure the district's network infrastructure and web applications from cyberattacks

These strategies may include performing an independent security assessment of the district's network infrastructure and selected web applications.

4. Discourage vandalism and graffiti

These strategies may include plans to immediately cover graffiti and implement campus beautification.

5. Control access to keys and other school inventory

6. Detect and intervene with school crime

These strategies may include creating a school watch program, increasing adult presence and supervision, establishing an anonymous crime reporting system, monitoring suspicious and/or threatening digital media content, analyzing school crime incidents, and collaborating with local law enforcement agencies, including providing for law

enforcement presence.

7. Additionally, all staff shall be made aware of their responsibilities regarding the immediate reporting of potential homicidal acts to law enforcement, and receive training in the assessment and reporting of such threats

All staff shall receive training in building and grounds security procedures and emergency response.

Locks

All state-funded new construction and modernization projects shall include locks that allow doors to classrooms and any room with an occupancy of five or more persons to be locked from the inside. Additionally, when the district undertakes an addition, alteration, reconstruction, rehabilitation, or retrofit of a school building, the district shall install interior locks on each door of any room with an occupancy of five or more persons. Such doors shall be capable of being unlocked from the outside with a key or other approved means. Student restrooms and doors that lock from the outside at all times are not required to have locks that can be locked from the inside. (Education Code 17075.50, 17583, 17586; 24 CCR 1010.2, 1010.2.8, 1010.2.8.2)

Keys

The principal or designee shall be responsible for all keys used in a school. Keys shall be issued only to authorized employees who regularly need a key in order to carry out job responsibilities.

The principal or designee shall create a key control system with a record of each key assigned and room(s) or building(s) which the key opens.

Keys shall never be loaned to students, parents/guardians, or volunteers, nor shall the master key ever be loaned.

Any person issued a key shall be responsible for its safekeeping. The duplication of school keys is prohibited. If a key is lost, the person responsible shall immediately report the loss to the principal or designee and shall pay for a replacement key.
