

## **Policy 6173.4: Education For American Indian Students**

The Governing Board recognizes that American Indian students may have unique cultural, language, and educational needs that may be addressed by increasing student knowledge about American Indian history, including the history and culture of local tribes, and by providing American Indian students with access to education and other services necessary for such students to meet the same challenging academic standards as other students.

The Superintendent or designee shall provide all students with culturally relevant curriculum related to local American Indian tribes and implement strategies necessary for the improvement of the academic achievement of American Indian students.

In order to discuss, gain a shared understanding of, and develop curriculum for use within the district, and to identify the extent and nature of any achievement gaps between American Indian students and other district students, and strategies to address any such gaps, the district may form a California Indian Education Task Force with tribes local to the region. Participants in the task force meetings may consider issues of mutual concern, which include: (Education Code 33391)

1. Developing a thorough, shared understanding of accurate, high-quality curricular materials about the history, culture, and government of local tribes, and developing such materials for use within the district that include tribal experiences and perspectives
2. Developing a shared understanding of proper or improper instructional materials when these materials use depictions of Native Americans
3. Encouraging the adoption of the curriculum developed by the California Indian Education Task Force
4. Identifying the extent and nature of any achievement gap between American Indian students and other students, and strategies necessary to close it

If formed, the California Indian Education Task Force shall, within one year and thereafter annually, submit a report to the California Department of Education on the findings, including progress of work on Items #1-4, above. (Education Code 33391)

The Superintendent or designee shall identify American Indian students most at-risk of not meeting state academic standards and provide to such students the needed support(s), including making referrals, as appropriate, for special education services or services under Section 504 of the federal Rehabilitation Act of 1973, or other school-based services such as counseling and

health services, supplemental instruction, before- or after-school services, and summer learning programs.

Suspension, expulsion, assignment to a supervised suspension classroom, or involuntary transfer to a continuation school of an American Indian student shall be in accordance with law and as specified in Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process, Administrative Regulation 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities), and Board Policy/Administrative Regulation 6184 - Continuation Education.

The Superintendent or designee shall provide programs to facilitate the successful transition of American Indian students to post-secondary education and employment, which may include college and career fairs as specified in Board Policy 6164.2 - Guidance/Counseling Services **and Board Policy 6178 - Career Technical Education, apprenticeship and preapprenticeship programs, mentorship programs, and counseling services.**

As needed, the Superintendent or designee shall provide professional development to teachers and other school staff to assist them in understanding and responding to the unique needs of American Indian students.

At least annually, the Superintendent or designee shall report to the **Governing** Board on the outcomes of American Indian students including, but not limited to, school attendance, student achievement test results, promotion and retention by grade level, graduation rates, and suspension/expulsion rates.

(20 USC 7424)

As needed, professional development shall be provided to teachers and other school staff to assist them in working with American Indian students and carrying out Title VI programs. (20 USC 7424)
