

## **Bylaw 9140: Board Representatives**

The Governing Board recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Governing Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Governing Board or district is a member or to which the Governing Board is invited to participate.

When making such appointments, the Governing Board shall clearly specify the authority and responsibilities of the representative(s), including, but not limited to, reporting back to the Governing Board regarding committee activities and/or actions. Board representatives shall not exercise the authority of the Governing Board without prior Board approval.

If a committee discusses a topic on which the Governing Board has taken a position, the Governing Board member shall express the position of the Governing Board. When contributing their own ideas or opinions, the representative shall clearly indicate that they are expressing their individual idea or opinion.
