

RCSD Elective/Course Review Form

Teachers: Please use this form to provide information so HR can determine which credential pathway may be needed to approve your elective course you will be teaching. Please complete ONE FORM for EACH elective or course you will teach.

The respondent's email (**jhaynes@rcsdk8.net**) was recorded on submission of this form.

Teacher Full Name *

John E. Haynes II

Credentials I hold (please be specific eg, Multiple Subject, Single Subject Math, added/
supplemental authorization etc)

*

Multiple Subjects

School Site *

- ☐ Adelante/Selby
- ☐ Clifford
- ☐ Cloud
- ☐ Garfield
- ☐ Hoover
- ☐ Kennedy
- ☐ MIT
- ☒ NSA
- ☐ Orion
- ☐ Roosevelt
- ☐ Taft

Grade Level *

6

Elective Course title *

Math 6 Accelerated

We have different models of elective delivery in RCSD. I will be teaching this course in: *

- ☒ Trimester 1
- ☒ Trimester 2
- ☒ Trimester 3
- ☐ The entire school year
- ☐ Aug-Dec
- ☐ Jan-June

Outcomes/Goals for students. What project or end product will be produced? *

Students will develop conceptual understanding, procedural fluency, and problem solving skills in sixth-grade mathematics through the IM Accelerated Grade 6 curriculum. Students will strengthen mathematical reasoning, communication, and real-world application skills while preparing for higher-level mathematics.

Describe the standards/topics/activities that will be taught. *

Students will study ratios and proportional relationships, number systems, expressions and equations, geometry, and statistics. Activities include problem-solving tasks, collaborative learning, mathematical discourse, real-world applications, technology-based assignments, and assessments aligned to California Common Core Standards.

What background do you have to teach this course? Does the standards fall within your credential? Are these topics a hobby? Please explain. *

hold a California Multiple Subject Teaching Credential, which authorizes me to teach sixth-grade mathematics. I have extensive experience (26 years) teaching middle school math, implementing standards-based curriculum, and supporting student achievement through differentiated instruction. The course standards fall within the scope of my credential authorization.

The CTC requires the District to prove you are qualified to teach this course. Please explain how *
you qualified to teach this course.

I hold a California Multiple Subject Teaching Credential and have 26 years of experience teaching mathematics in the district. During that time, I have successfully taught standards-based math courses, implemented district-adopted curricula, and participated in ongoing professional development in mathematics instruction. My experience and credential provide the knowledge and skills necessary to teach the IM Accelerated Grade 6 course effectively.

I agree I would like the Local Committee on Assignments to review this course information and *
recommend an approval to the School Board so students may take this course. Please type your name as your signature.
