2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

HENRY FORD
ELEMENTARY SCHOOL
EST. 1954

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Henry Ford Elementary School is a neighborhood school that provides a safe and enriching environment for all students. We strive to create an atmosphere of academic excellence in a safe and nurturing environment for all students with a highly trained teaching staff that provides varied and individualized approaches to 21st learning for students of all backgrounds, languages, and cultures. Our teachers are well trained and experienced in differentiating instruction for all students to have the knowledge and skills to reach their potential. Differentiated instruction involves providing different students with individual avenues to learning (often in the same classroom) for acquiring content; processing, constructing, or making sense of ideas; for all students to learn effectively and be successful, regardless of their differences. We continue our growth as a Professional

2024-25 School Description and Mission Statement

Learning Community based on the work of the DuFours. The goals of a Professional Learning Community (PLC) are a focus on learning, collaboration, and results as we believe the key to student learning is ongoing adult learning.

On any given day, Henry Ford School students are moving and exercising their bodies in physical education classes, learning good character through our PBIS education program, developing their artistic and creative skills in Art in Action and our music programs, diving into new ideas and exciting stories through our well-stocked library or with Chrome books and Ipads. In addition to art, chess, and sports after school, we have the REACH program from Redwood City Parks and Recreation, which offers students after school enrichment. Our school community thrives and families connect at our annual Fall Fiesta, Field Day, and our fabulous end of the year Pasta Dinner.

Our commitment is to address and fulfill the needs of each of our students by providing the academic, social, and emotional supports that are essential to the development of a child's potential. Together—through home, school and the community--we support our students to successfully meet today's challenges and to prepare for tomorrow.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2024-2025 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by Executive Directors of Educational Services. The final textbook selections for grades TK-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

The chart below displays data collected during the August 2024 District Textbook Audit, in regards to student editions in use at Henry Ford School during the current school year (2024-2025).

School Facility Conditions and Planned Improvements

Henry Ford School was originally constructed in 1954 and is currently comprised of 26 classrooms, one computer lab, one library, one multi-purpose room, one staff lounge, an upper-grade playground, a Kindergarten play area, a playfield, and the administrative/support offices.

The school was completely modernized in 1993, and further renovated in 2000 as the result of two separate bond projects (Measures A & B). Measure A renovations were completed by August 2001 and included the addition of five new classrooms, one reclaimed classroom, and a new library/media center, cafeteria/ multipurpose room, and administrative support center. Measure B projects have been completed at variable times over the past three years and have included: the construction of a new playfield; roofing and sidewalk replacements; installation of energy-efficient lighting and walkway coverings; resurfacing of the parking lot, playgrounds, and various walkways; replacing of window coverings; addition of fencing to Kindergarten play area; and campus-wide American Disabilities Act (ADA) improvements.

A new security fencing system has been installed on the campus as well as a new security camera configuration as part of the Measure T bond initiative completed in 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents play an important role at Henry Ford School through active participation and involvement. The School Site Council and the School English Learner Advisory Council (SSCS/ELAC) meet monthly to review the School Plan for Student Achievement and determine how to use site funds to meet the goals.

The Parent Teacher Association (PTA) meets once a month and encourages parents to get involved in any of their many school events. All events are designed to be inclusive and free for all our families. Some examples include the Fall Fiesta, Winter Concert, Valentine's Family Dance, Variety Show, and Pasta Dinner. The PTA also fundraises to provide programs such as Music for Minors and a full-time Gardening Instructor. Parent volunteers teach monthly Project Cornerstone and Art in Action lessons.

Monthly Coffee with the Principal/Cafecitos are held to give parents an opportunity to meet other parents, the administrators, and share feedback in an informal setting.

Classroom teachers regularly invite parents to volunteer in the classroom or on field trips. Any volunteer that works directly with students is required to complete the documentation stated on the RCSD Volunteer page at <https://www.rcsdk8.net/careers/volunteer>.

98% of our families have an account with Class Dojo. The platform is used to communicate school-wide information, and each classroom has its own group. All communication can be translated to the language of choice.

2024-25 School Safety Plan

The School Site Safety plan is reviewed and evaluated annually by the School Site Council. Revisions to the Safety Plan are communicated to all staff members. Key elements of the safety plan include disaster preparedness, the safety of students and staff on campus, and character education. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire, disaster and lockdown drills are conducted on a monthly basis throughout the school year.

2024-25 School Safety Plan

Student and staff safety is a top priority. As such, supervision is provided on campus throughout the school day. We currently have three trained yard duty who help with drop-off, recess, lunch and pick-up supervision. Teachers, support staff, and administration also supervise students before and after school and during breaks. Our school custodian checks that all gates are securely locked at the start of every school day. During school hours, the only entrance to campus is through the office. All visitors to the school must sign in and out at the office, and complete the online district authorization forms for classroom visits.

Positive Based Intervention and Supports (PBIS) Tier I, II and III is implemented school wide with fidelity. All students receive monthly lessons from Project Cornerstone and weekly SEL lessons from our school counselor. Both programs are designed to teach students how to regulate their emotions, solve conflicts, self advocate and ensure that every child has at least one trusted adult on campus.

One full-time counselor and two part-time counselors are available as needed to provide individual and small group counseling, support at risk students, and run conflict resolution circles.

Professional Development

2024-2025

The focus for our districtwide Professional Development for this year continues to be training staff on adopted K-5 mathematics curriculum of Illustrative Math as well as the new Supplemental English Learning Development Curriculum from Language Power for K-8. In addition, professional development for grades 3-8 is focused on Integrated English Learner Development strategies. All TK-8 teachers participated in professional development in Student Goal-Setting Conferences. Administrators, Reading Intervention Teachers, and Multi-Tiered Systems of Support (MTSS) Teachers on Special Assignment (TOSA) have received training through the California Reading and Literacy Project to implement Professional Learning Cycles at the school sites.

District staff and administrators continue to have monthly meetings to align the RCSD Student Learner Profile with our district commitment to the implementation of the Multi-Tiered System of Support (MTSS) through trainings focused on inclusive practices, welcoming environments, and establishing an equity stance. The MTSS focus is to create alignment for Tier 1 practices as well as Tier 2 interventions. District Teachers on Special Assignment (TOSAs) collaborate with administrators and district instructional coaches to support the MTSS work. MTSS TOSAs continue to work at the site level with administration and staff to strengthen lesson planning to address Tier 1 practices.

The district continues to focus on RCSD Student Learner Profile which began in 2021-22. We continue to focus on developing the teaches lens of Universal Design for Learning (UDL) for all teachers.

2023-2024

The focus for our districtwide Professional Development for this year is training staff on adopted new Math curriculum of Illustrative Math for K-5, new reading initiative based on Science of Reading and working with California Reading and Literacy Project and assessments for all TK-5th as well as the new Supplemental English Learning Development Curriculum from Language Power for K-8. In addition, the middle school professional development is focused on Universal Design for Learning (UDL). All TK-8 teachers participated in professional development in Student Goal-Setting Conferences, which took place in October.

We continue to build our RCSD Student Learner profile, with the addition of "creative communicators" to the profile, which began in 2021-22. This school year's focus for Empowered Learner is Universal Design for Learning (UDL). STEAM professional development continues to build a focus on creating next generation innovators through our STEAM initiative and collaboration with Stanford.

District staff and administrators continue to have monthly meetings to align the RCSD Student Learner Profile with our district commitment to the implementation of the Multi-Tiered System of Support (MTSS) through trainings focused on inclusive practices, welcoming environments, and establishing an equity stance. MTSS focus is create alignment for Tier 1 practices as

well as Tier 2 interventions. District Teachers on Special Assignment (TOSAs) collaborate with administrators and district instructional coaches to support the MTSS work. MTSS TOSAs continue to work at the site level with administration and staff to strengthen lesson planning to address Tier 1 practices.

In addition to this MTSS and Student Learner profile work, District TOSAs work 1-1 and with grade level teacher teams to strengthen lesson planning in each subject area that is inclusive of all students, including those with special needs and those who are multilingual learners. Encouraging students to make their thinking visible and construct knowledge together in small groups is a focus of many of these coaching sessions.

2022-23

The focus for our districtwide Professional Development continues to be the RCSD "Student Learner" profile, with the addition of "creative communicators" to the profile begun in 2021-22. District staff had the opportunity for trainings in August that aligned the RCSD Student Learner Profile with our district commitment to the implementation of the Multi-Tiered System of Support (MTSS) through trainings focused on inclusive practices, welcoming environments, and establishing an equity stance. The alignment of the Learner Profile with engaging, inclusive instructional practices was the focus of the January Professional Development Day, and is supported by the districts' Teachers on Special Assignment (TOSAs) in their 1-1 and small group work with district teachers.

In addition to this MTSS and Student Learner profile work, District TOSAs work 1-1 and with grade level teacher teams to strengthen lesson planning in each subject area that is inclusive of all students, including those with special needs and those who are multilingual learners. Encouraging students to make their thinking visible and construct knowledge together in small groups is a focus of many of these coaching sessions.

2021-22

The focus for districtwide Professional Development (PD) has been the connection of teaching strategies to our evolving "Student Learner" profile: Students as knowledge constructors, effective communicators, and empowered learners. Three days of PD were offered to all teachers prior to the beginning of the school year, and each topic was explicitly linked to one of these attributes.

In addition, with close to 95% of our students returning to in-person instruction, the social emotional health and wellbeing of our students, staff and community have been a focus in engaging outside resources for training and workshops.

The development of teacher leadership is highlighted this year through "Lead Learner" structures, bringing together teachers from across the district to delve deeply into subject areas with an equity lens.

Underlying and fortifying all of this work continues to be our commitment to equitable practices and our systemic approach to analyzing our current system for biases and inequities. This work is currently being undertaken by the Multi Tiered Systems of Support (MTSS) District Leadership Team (DLT).
