2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

EST. 1948

**TAFT COMMUNITY
SCHOOL**

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Vision Statement

Taft Community School, by providing a quality education, will be a source of empowered, successful members who reinvest in the community they create.

Mission Statement

We are Taft Community School. Our students, parents, staff, and community members work together to ensure every student meets or exceeds academic standards in a safe and caring environment. Building on diverse backgrounds, providing

2024-25 School Description and Mission Statement

educational opportunities and resources, and fostering successful learning experiences, we are dedicated to being lifelong learners and contributing members of a global society.

School Profile

Taft Community School offers a preschool through fifth grade English and Spanish biliteracy program. The goal of our school is to develop a strong pathway to biliteracy leading into high school and beyond. This assures our students great opportunities in college and career by giving them skills that translate into the workplace. Our teachers are at the forefront in integrating technology, critical thinking, communication, creativity, and collaboration skills into their lessons. Taft Community School also offers STEAM program for students to both inspire and develop creativity and innovation.

Taft Community School works in partnership with families in a community that respects diverse backgrounds and treats everyone equitably with the goal of preparing all students for success in high school, college, and career paths. Taft Community School offers a biliteracy program with English and Spanish language strands for preschool, transitional kindergarten, and kindergarten through fourth grade students. Our Partnering with Parents Program aims to engage parents in to volunteer service at the school by supporting students with reading assistance, providing classroom and office support, engaging in computer and job skills classes, serving on school committees, helping with school-wide events, and more! Taft Community School and our students flourish due to a positive and supportive culture provided by the staff and parents and the community resources that support the whole child and their families.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2024-2025 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by Executive Directors of Educational Services. The final textbook selections for grades TK-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

The chart below displays data collected during the August 2024 District Textbook Audit, in regards to student editions in use at Taft Community School during the current school year (2024-2025)

School Facility Conditions and Planned Improvements

Taft Community School was originally constructed in 1951, and is currently comprised of 36 classrooms, one library, one multi-purpose room, a STEAM room, a playground, and a play field.

The school was completely modernized in 1993, and further renovated in 2000 as the result of two separate bond projects (Measures A & B). Measure A renovations were completed by December 2001 and included the addition of 7 new classrooms, two reclaimed classrooms, and a new library/media center and cafeteria/multipurpose room. Measure B projects have been completed at variable times over the past three years and have included: remodeling of restrooms in older buildings; replacing of damaged sidewalks, old perimeter fencing, and window coverings; installation of energy efficient lighting in older buildings; the addition of a covered walkway; fresh painting on a number of buildings; and campus-wide American Disabilities Act (ADA) improvements.

The school was currently modernized and added a new school office, the school library, STEAM room, and add 5 additional classroom to the school site. Renovations are being supported through a school bond Measure T. Modernization was completed by June 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	17	13	35	35	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents play a crucial role at Taft Community School through active participation and involvement in the Community School with the Student Goal-Setting Conferences, School Site Council, Advisory Council, English Language Advisory Committee (ELAC), District English Language Advisory Committee (DELAC), and other support committees. Parents are encouraged to volunteer at school events and in classrooms to collect volunteer hours of service. There are many opportunities for parents to participate in parent workshops, helping their children with homework and projects, financial planning, and more. Additional parent training this year will focus on helping the students with mathematics, reading, writing, and more.

Taft Community School is proud of the support it receives from the community and its strong collaboration with the Boys and Girls Club, College Advisory Prep (CAP), Healthy Cities Tutoring, Sequoia Health Foundation, STAR VISTA, Friendly Acres Neighborhood Association, Redwood City Police Department, Police Activity League (PAL), Menlo School, Cañada College, Kaiser Foundation, and the San Mateo County Health Department.

Parents who wish to participate in Taft Community School's committees and activities, or become a volunteer may contact the school at (650) 482-2416 or the Family Center at (650) 482-2847.

2024-25 School Safety Plan

At Taft Community School, the safety of students and staff is a top priority. The School Site Safety Plan is evaluated and revised annually by administrators, staff, and parents and approved by the School Site Council. Revisions to the Safety Plan are communicated to staff and community members annually. Key elements of the Safety Plan emphasize disaster preparedness and drill schedules (intruder, earthquake, and fire). The school complies with the laws, rules, and regulations about hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire and earthquake drills are conducted monthly throughout the school

year. The school also practices lockdown drills and all safety/evacuation drills following the district & county-adopted Big Five Emergency Response Protocols.

To ensure student safety, supervision is provided on campus at all times. Teachers and administrators supervise students before and after school and during breaks. All visitors to the school must sign in and out at the office, wear a visitor pass, and receive prior authorization to be on campus at least 24 hours in advance. The Taft ELAC & School Site Council will begin the process of reviewing and updating the School Safety Plan on Monday, November 18, 2024, with staff and parent stakeholder input. The draft updated school safety plan will be provided to the Taft Staff by Thursday, December 12, 2024 to review and provide feedback.

Professional Development

2024-2025

The focus for our districtwide Professional Development for this year continues to be training staff on adopted K-5 mathematics curriculum of Illustrative Math as well as the new Supplemental English Learning Development Curriculum from Language Power for K-8. In addition, professional development for grades 3-8 is focused on Integrated English Learner Development strategies. All TK-8 teachers participated in professional development in Student Goal-Setting Conferences. Administrators, Reading Intervention Teachers, and Multi-Tiered Systems of Support (MTSS) Teachers on Special Assignment (TOSA) have received training through the California Reading and Literacy Project to implement Professional Learning Cycles at the school sites.

District staff and administrators continue to have monthly meetings to align the RCSD Student Learner Profile with our district commitment to the implementation of the Multi-Tiered System of Support (MTSS) through trainings focused on inclusive practices, welcoming environments, and establishing an equity stance. The MTSS focus is to create alignment for Tier 1 practices as well as Tier 2 interventions. District Teachers on Special Assignment (TOSAs) collaborate with administrators and district instructional coaches to support the MTSS work. MTSS TOSAs continue to work at the site level with administration and staff to strengthen lesson planning to address Tier 1 practices.

The district continues to focus on RCSD Student Learner Profile which began in 2021-22. We continue to focus on developing the teaches lens of Universal Design for Learning (UDL) for all teachers.

2023-2024

The focus for our districtwide Professional Development for this year is training staff on adopted new Math curriculum of Illustrative Math for K-5, new reading initiative based on Science of Reading and working with California Reading and Literacy Project and assessments for all TK-5th as well as the new Supplemental English Learning Development Curriculum from Language Power for K-8. In addition, the middle school professional development is focused on Universal Design for Learning (UDL). All TK-8 teachers participated in professional development in Student Goal-Setting Conferences, which took place in October.

We continue to build our RCSD Student Learner profile, with the addition of "creative communicators" to the profile, which began in 2021-22. This school year's focus for Empowered Learner is Universal Design for Learning (UDL). STEAM professional development continues to build a focus on creating next generation innovators through our STEAM initiative and collaboration with Stanford.

District staff and administrators continue to have monthly meetings to align the RCSD Student Learner Profile with our district commitment to the implementation of the Multi-Tiered System of Support (MTSS) through trainings focused on inclusive practices, welcoming environments, and establishing an equity stance. MTSS focus is create alignment for Tier 1 practices as well as Tier 2 interventions. District Teachers on Special Assignment (TOSAs) collaborate with administrators and district instructional coaches to support the MTTSS work. MTSS TOSAs continue to work at the site level with administration and staff to strengthen lesson planning to address Tier 1 practices.

In addition to this MTSS and Student Learner profile work, District TOSAs work 1-1 and with grade level teacher teams to strengthen lesson planning in each subject area that is inclusive of all students, including those with special needs and those who are multilingual learners. Encouraging students to make their thinking visible and construct knowledge together in small groups is a focus of many of these coaching sessions.

2022-23

The focus for our districtwide Professional Development continues to be the RCSD "Student Learner" profile, with the addition of "creative communicators" to the profile begun in 2021-22. District staff had the opportunity for trainings in August that aligned the RCSD Student Learner Profile with our district commitment to the implementation of the Multi-Tiered System of Support (MTSS) through trainings focused on inclusive practices, welcoming environments, and establishing an equity stance. The alignment of the Learner Profile with engaging, inclusive instructional practices was the focus of the January Professional Development Day, and is supported by the districts' Teachers on Special Assignment (TOSAs) in their 1-1 and small group work with district teachers.

In addition to this MTSS and Student Learner profile work, District TOSAs work 1-1 and with grade level teacher teams to strengthen lesson planning in each subject area that is inclusive of all students, including those with special needs and those who are multilingual learners. Encouraging students to make their thinking visible and construct knowledge together in small groups is a focus of many of these coaching sessions.

2021-22

Professional Development

The focus for districtwide Professional Development (PD) has been the connection of teaching strategies to our evolving “Student Learner” profile: Students as knowledge constructors, effective communicators, and empowered learners. Three days of PD were offered to all teachers prior to the beginning of the school year, and each topic was explicitly linked to one of these attributes.

In addition, with close to 95% of our students returning to in-person instruction, the social emotional health and wellbeing of our students, staff and community have been a focus in engaging outside resources for training and workshops.

The development of teacher leadership is highlighted this year through “Lead Learner” structures, bringing together teachers from across the district to delve deeply into subject areas with an equity lens.

Underlying and fortifying all of this work continues to be our commitment to equitable practices and our systemic approach to analyzing our current system for biases and inequities. This work is currently being undertaken by the Multi Tiered Systems of Support (MTSS) District Leadership Team (DLT).
